

Arrival at CEN9 Waterdrome

The Midnight Sun Fly In Association anticipates numerous arrivals of float, amphibious and wheel aircraft for the 2019 Midnight Sun Fly In. To assist with our preparations and facilitate your arrival, please review and follow the instructions below.

1 BEFORE DEPARTURE

Several days prior to departure, review the aircraft information and itinerary provided in your registration form. Report changes by email to floatplaneflyin@gmail.com.

2 FILE FLIGHT PLAN

Consider filing a flight plan to Yellowknife (CYZF). The filing of a flight plan assists NAV CANADA and Fly In crew in anticipating arrivals, allocating docking and meeting aircraft.

3 CONTACT ATC ON APPROACH TO YELLOWKNIFE

Contact the CYZF tower on 118.5 at 15 NM from CYZF and advise that you are inbound to Back Bay for the Midnight Sun Fly In.

4 ACTIVATE STROBE LIGHT

Activate the strobe light on Pilot's Monument at 2 NM final (or 45 seconds prior to departure) by depressing mic 5 times on 119.5. The strobe alerts boaters that aircraft are arriving or departing the waterdrome.

5 LAND AT CEN9 WATERDROME

Back Bay is a licensed waterdrome subject to air traffic control but the CYZF tower does not have visual on either bay. Upon landing on Back Bay, report down and clear and close your flight plan.

6 CONTACT GROUND CREW FOR DOCKING INSTRUCTIONS

Monitor 123.3 for further instructions. Fly In crew will communicate with pilots on that frequency and provide directions to assigned docking spots where crew will be available to assist with docking.

7 TRANSPORTATION

Fly In crew will be operating a shuttle to provide transportation to the Fly In site and to your accommodation. Call 902-478-7241 for dispatch of the shuttle.

8 REGISTRATION

Report to the registration desk at the Fly In site to confirm your arrival, finalize your registration, and receive your welcome package and T-shirt/hat. The registration desk will be open from 11 am to 6 pm Friday.

CYZF Tower: 118.5
Pilot's Monument Strobe: 119.5
